Driftwood Caravans

Platinum Collection 2 Bedroom

Important Information to know prior to booking an accessible caravan.

We want to ensure your comfort and convenience during your stay.

DESIGNED WITH ACCESSIBILITY IN MIND

The accommodation has sloped access (no steps) but...

- There are raised thresholds of approximately 55 mm at the main entrance to the caravan and at the French windows providing access onto the external terrace. Threshold ramps are available on request.
- The wet room has a ramped access and also has low ridges moulded into the floor to separate the shower area from the toilet area and to allow for proper drainage. These ridges can impact upon the use of a wheelchair within the wet room area.
- Please confirm your preferred sleeping arrangements in the main bedroom. We can arrange the beds as one single, two singles, or a double bed. Please call or email with your preferred choice.
- We have an electric hoist for the use of our guests which must be booked prior to arrival. Please note we do not provide slings.
- In the event of an emergency, we will assume that you are able to exit your accommodation safely. If you are unable to do this you must inform us before your arrival.

**If you have any specific accessibility requirements or equipment needs,
or if you simply want more accommodation information
please call and speak to our Holiday Consultants on 01237 473263 (option 1).**
